

Bee Vectoring Technologies Announces Web-Investor Call to Outline its 2017 Growth Strategy

Mississauga, ON – January 11th, 2017 – Bee Vectoring Technologies (the “Company” or “BVT”) (TSXV: BEE) is pleased to announce it will be holding a web enabled conference call on **Thursday January 19th at 2pm EST**. CEO Ashish Malik will review milestones achieved to date, outline the opportunity ahead for the company, and provide details into 2017 company initiatives.

During 2016, BVT hit a number of notable milestones which included:

- Gaining approval of 11 patents on BVT technologies from several key growing territories including the United States and China.
- Completing of successful trials in strawberries, blueberries, indoor tomatoes and sunflowers in the US, Canada, and Europe. Results on strawberries included reductions in gray mold disease of up to 40% and increases in marketable yield up to 30%.
- Submitting its first bio-pesticide BVT CR-7 for regulatory approval to the US Environmental Protection Agency (US EPA).

Individuals wishing to participate in the conference call should visit the registration page as follows – <https://secure.confertel.net/tsRegisterD.asp?course=7418801>

Once registered, participants will receive email confirmation with a unique access code, which can be used to access the call via phone, or, alternatively, via web link for those wishing to view presentation visuals during the call.

It is expected that there will be approximately 10 minutes at the end of the call in which participants will be able to ask questions via the moderator. Those wishing to submit questions beforehand can do so by emailing – info@beevt.com - with the subject line reading ‘Web-Investor Call Question’. Submitted questions will be read out by the moderator during the Q&A portion of the call.

Please access the website 15 minutes prior to the start of the call to download and install any necessary audio software. Following the call, an archived webcast replay will be available at – <http://www.beevt.com/investors/press-releases/> – shortly after the call.

About [Bee Vectoring Technologies International Inc.](#)

BVT has developed and owns patent-pending bee vectoring technology (consisting of a proprietary tray dispenser containing a unique carrier agent) that is designed to harmlessly utilize commercially reared bumblebees as natural delivery mechanisms for a variety of powdered mixtures comprised of organic compounds that inhibit or eliminate common crop diseases, while at the same time stimulating and enhancing the same crops. This unique and proprietary process facilitates a targeted delivery of crop controls using the simple process of

bee pollination to replace traditional crop spraying, resulting in better yield, organic product and less impact on the environment without the use of water or disruptions to labour.

This press release contains certain "forward-looking statements" that involve known and unknown risks and uncertainties. All statements in this press release, other than statements of historical fact, that address events or developments that BVT expects to occur, are forward-looking statements. Forward-looking statements in this press release include, but are not limited to, statements with respect to BVT'S future plans and technologies, including the timing of such plans and technologies. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential", "indicate" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although BVT believes that the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in forward-looking statements. Factors that could cause the actual results to differ materially from those in forward-looking statements include continued availability of capital, financing and required resources (such as human resources, equipment and/or other capital resources), and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking statements. Forward-looking statements are based on the beliefs, estimates and opinions of BVT'S management on the date the statements are made. BVT undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change, except as required by law.
