

THIS RELEASE IS NOT FOR DISTRIBUTION TO U.S. NEWS WIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

Bee Vectoring Closes Private Placement

Mississauga, ON – September 19, 2017 – Bee Vectoring Technologies International Inc. (the “Company” or “BVT”) (TSXV: BEE) is pleased to announce that it has completed a non-brokered private placement of 3,922,000 units of the Company at a price of \$0.20 per unit for gross proceeds of C\$784,400 (the “Offering”).

Each unit consists of one common share and one half of one common share purchase warrant (“Unit”). Each whole common share purchase warrant (“Warrant”) entitles the holder to purchase one additional common share at a price of C\$0.35 per common share until September 19, 2019, subject to the Company’s right to accelerate the expiry date of the Warrants if the closing market price of the common shares of the Company on the TSX Venture Exchange is equal to or exceeds C\$0.50 for a period of 20 consecutive trading days any time after January 20, 2018. The Company will be entitled to accelerate the expiry of the Warrants upon notice given by press release (disseminated through a newswire service in Canada) and the Warrants will then expire on the fifteenth (15th) business day after the date of the press release unless exercised by the holder prior to such date.

BVT will apply the net proceeds of the Offering to support its commercialization plans for the US, continuation of selective market expansion projects including developing opportunities in additional crops and advancing registration activities in new countries, and for general working capital purposes.

The Company paid commissions to finders under the Offering consisting of cash fees of C\$18,840 and the issue of 89,700 finder’s warrants. Each finder’s warrant entitles the holder to purchase one common share of the Company at a price of C\$0.35 per common share until September 19, 2019, subject to the acceleration terms as mentioned above.

All securities issued or issuable under the Offering are subject to a four-month hold period expiring on January 20, 2018 in addition to such other restrictions as may apply under applicable securities laws in jurisdictions outside of Canada.

Final closing of this Offering has received final acceptance by the TSX Venture Exchange.

About [Bee Vectoring Technologies International Inc.](#)

BVT has developed and owns patent-pending bee vectoring technology that is designed to harmlessly utilize bumblebees and honeybees as natural delivery mechanisms for a variety of powdered mixtures comprised of organic compounds that inhibit or eliminate common crop diseases, while at the same time stimulating and enhancing the same crops. This unique and proprietary process enables a targeted delivery of crop controls using the simple process of bee pollination to replace traditional crop spraying, resulting in better yields, superior quality and less impact on the environment without the use of water or disruptions to labour.
